

Material Donations

Material donations are crucial to our mission. The dollars they generate help us provide opportunities for people with disabilities or other challenges, living right here in Frederick & Carroll Counties, Maryland. While we consider every donor a partner with Goodwill, there are several ways that businesses, organizations, and others can partner with us and play a key role in helping us secure much-needed donations.

Recycle Old Computers

SKIP THE LANDFILL BY RESPONSIBLY RECYCLING YOUR OLD TECHNOLOGY

Electronic waste is one of the most highly toxic substances in landfills.

Donated to Goodwill, a used smartphone, tablet, laptop, desktop computer, or monitor avoids leeching heavy metals into our groundwater. Thanks to our partnership with Dell Reconnect, your older electronics are responsibly recycled.
