

New Frederick County Division of Planning & Permitting Positions

These new positions support small businesses, homeowners and applicants seeking assistance.

For more information, please visit FrederickCountyMD.gov/ApplicantSupport

When should I contact you?

- When you want to open a small business
- If you need help submitting an application
- If you need help navigating the application portal
- Don't know who to contact for help
- Need help understanding processes
- Want someone to review your process timeline
- Need help dealing with a challenging situation
- If you are a property owner and need assistance on a project

Ashley Reed, Small Business Navigator

301-600-6767

A.Reed@FrederickCountyMD.gov

Ashley works directly with small businesses and other stakeholders to address improvements to the County's planning and permitting processes. She focuses on developing strategies to support the small business community and get them through the processes to establish their business from start to finish

Moving into the Small Business Navigator role, she will take her current knowledge and expand it to simplify processes and provide direct assistance to all small businesses in Frederick County.

Staci Rosenberger, Planning & Permitting Ombudsman

301-600-6766

S.Rosenberger@FrederickCountyMD.gov

Staci works directly with small businesses, homeowners, the agricultural community, and others to help them through the county's planning, zoning, and permitting processes. She focuses on providing direct applicant assistance and improving the customer experience.

As she takes on her new responsibilities as the Planning & Permitting Ombudsman, she will expand her current knowledge and expertise to improve the customer experience.
