

*Catoctin Group, Maryland Chapter*  
Serving Carroll, Frederick and Washington Counties

Explore, enjoy and protect the planet

***Come join us*** at our monthly meetings held the first Saturday of every month from 10 am — 12:15 pm.

We discuss local environmental issues such as fracking and recycling, plan service outings to clean-up local waterways and remove invasive species, share ideas for new educational projects, and just enjoy each others company.

**All are welcome!!** Location of meeting varies. For more information on what the Catoctin Group does to explore, enjoy and protect the planet, contact Dan Andrews at [dooze@qis.net](mailto:dooze@qis.net).
